**Subject: Termination of Administrative Order on Consent for Platform Ellen, Facility No. CAF001147, and Platform Elly, Facility No. CAF001148, NPDES General Permit CAG280000, Docket No. CWA-309-2018-0002**

Dear Mr. Berwager:

On April 10, 2018, U.S. Environmental Protection Agency ("EPA") issued an Administrative Order on Consent ("AOC") to Beta Operating Company, LLC dba Beta Offshore ("Beta"), to resolve violations of the National Pollutant Discharge Elimination System permit (CAG280000) for Platforms Ellen and Elly. The Order required Beta to make changes to its produced water sampling protocol, conduct training to relevant staff, and make amendments to a previously submitted Discharge Monitoring Report. On May 23, 2018, Beta sent its Final Report to EPA which describes all actions Beta has taken to comply with the AOC.

EPA concludes that Beta has substantially met all requirements of the above-referenced AOC. By this letter, EPA terminates the April 10, 2018 Administrative Order on Consent, Docket No. CWA 309-2018-0002.

Please contact me at 415-972-3577 or Colby Tucker of my staff at 415-972-3556 or Tucker.WilliamC@epa.gov if you have any questions.

Sincerely,
